Regulatory Contact Dave Kruchek

Phone 966-6728

Agency CDPH&E

Purpose of Contact Building 881 Scoping Meeting Minutes from meeting held on August 15, 2001

Discussion

- 1 Tanks 13, 14 and 15, and Building 882 pad will be deleted on page 2 of the report (Note Tanks 13 and 14 have been removed, and Tank 13 will be contained in the Building 883 RLCR)
- 2 Pertaining to the Consent Order Areas, separate work plans will be generated for each area. The project will contact James Hindman and David Kruchek of CDPH&E, and Steve Tower of DOE, prior to initiating work
- 3 Another review will be conducted to ensure accuracy and clarity of the RCRA Regulated Units, section of the report
- 4 Sentence to be deleted at the bottom of page 7
- 5 The Pu Holdup report will be added to the RLCR as an attachment
- 6 The Not Applicable designation will be reviewed concerning the scanning of the Building 881 stacks and for surveying/sampling of the stainless steel floors. Information will be communicated to DOE and CDPH&E when ready
- 7 The Building 881 ancillary facilities characterization status will be mentioned in the RLCR
